Andreas Giannoudis

Web developer specialization E-commerce

Profile

Ambitious and creative web developer with a passionate interest in creating user-friendly and efficient digital experiences. I am a student of Web Developer majoring in E-commerce at Grit Academy and have a strong commitment to web development. A detail-oriented and self-motivated problem solver who is always looking for new challenges.

Javascript
React
Node.js
UX/UI
MYSQL
PHP

Languages

- Swedish, speech and writing
- English, speech and writing
- Greek, native

Education

(2023-2025)

GRIT ACADEMY

WEB DEVELOPER SPECIALIZATION E-COMMERCE

I am currently studying the second semester at Grit Academy's web development course in e-commerce. The training includes HTML, CSS, JavaScript, Node.js, React and Mysql. Personally, I am very interested in Javascript and React because you can create useful applications. The training challenges me to create my own projects with different techniques and tools.

BLEKINGE INSTITUTE OF TECHNOLOGY

WEB PROGRAMMING

I took courses in web programming and learned the basics of HTML, CSS, C++, Java. I discovered that I wanted to do something more professional and therefore decided to study at a university of applied sciences.

Experience

(2023-CURRENT)
